

## **This is ST. EITHNE'S PRIMARY SCHOOL Publication Scheme on information available under the Freedom of Information Act 2000**

The governing body is responsible for maintenance of this scheme.

### **1. Introduction: what a publication scheme is and why it has been developed**

One of the aims of the Freedom of Information Act 2000 (which is referred to as FOIA in the rest of this document) is that public authorities, including all maintained schools, should be clear and proactive about the information they will make public.

To do this we must produce a publication scheme, setting out:

- **The classes of information which we publish or intend to publish;**
- **The manner in which the information will be published; and**
- **Whether the information is available free of charge or on payment.**

The scheme covers information already published and information, which is to be published in the future. All information in our publication scheme is **available for you on our website ([www.steithnes.net](http://www.steithnes.net)) to print off** available in paper form.

Some information, which we hold, may not be made public, for example personal information.

This publication scheme conforms to the model scheme for schools approved by the Information Commissioner.

### **2. Aims and Objectives**

It is the aim of St. Eithne's Primary School, through the provision of a caring and effective Catholic education to enable all pupils to attain their full potential academically, socially, physically and spiritually whilst catering for individual needs by providing a happy stimulating environment;

This publication scheme is a means of showing how we are pursuing these aims.

### **3. Categories of information published**

The publication scheme guides you to information which we currently publish (or have recently published) or which we will publish in the future. This is split into categories of information known as 'classes'. These are contained in section 6 of this scheme.

The classes of information that we undertake to make available are organised into four broad topic areas:

- **School Prospectus** – information published in the school prospectus.
- **Governors' Documents** – information published in the Governors Annual Report and in other governing body documents.

- **Pupils & Curriculum** – information about policies that relate to pupils and the school curriculum.
- **School Policies and other information related to the school** - information about policies that relate to the school in general.
